In our mobile application, we may collect this information directly or through our use of third-party software development kits (“SDKs”). SDKs may enable third parties to collect information directly from our mobile applications.

A “cookie” is a text file that websites and apps send to a visitor’s computer or other Internet-connected device to uniquely identify the visitor’s browser or to store information or settings in the browser. Browser web storage, or LSOs, are used for similar purposes as cookies. Browser web storage enables the storage of a larger amount of data than cookies. A “web beacon,” also known as a pixel tag or clear GIF, is typically used to demonstrate that a webpage was accessed or that certain content was viewed, typically to measure the success of our marketing campaigns or engagement with our emails and to compile statistics about usage of our websites. A SDK is third-party computer code that we may incorporate into our websites and mobile applications that may be used for a variety of purposes, including to provide us with analytics regarding the use of our mobile applications, to integrate with social media, add features or functionality to our app, or to facilitate online advertising.

Web browsers may offer users of our websites or mobile apps the ability to disable receiving certain types of cookies; however, if cookies are disabled, some features or functionality of our websites may not function correctly. Please see the “Targeted online advertising” section for information about how to exercise choice regarding the use of browsing behavior for purposes of targeted advertising.

Please see the “Targeted online advertising” section for information about how to exercise choice regarding the use of browsing behavior for purposes of targeted advertising.
Session-replay technologies. As part of the Information Collected by Automated Means, we utilize session replay technologies such as those provided by CrazyEgg that employ software code to record users’ interactions with the Services in a manner that allows us to watch video replays of those user sessions. The replays include users’ clicks, mobile app touches, mouse movements, scrolls and keystrokes/key touches during those sessions. These replays help us diagnose usability problems and identify areas for improvement. You can learn more about CrazyEgg at https://www.crazyegg.com/privacy and you can opt-out of session recording by CrazyEgg at https://www.crazyegg.com/opt-out.

Referrals. Users of the Sites may have the opportunity to refer contacts to us. If you are an existing user, you may only submit a referral if you have permission to provide the referral’s contact information to us so that we may contact them.

Biometric Information / Identity Verification

From time to time, we, or through our service provider as further discussed below, may collect a picture of your ID and certain Biometric Information from your face for identity verification when you tour an Irvine property (either in-person or virtually), to maintain the security of our physical properties, and to prevent fraud. The ways in which we collect, use, store, and share that Biometric Information are governed by the Irvine Company Biometric Privacy Policy and Irvine Company Biometric Terms. Please note, this process is powered by Jumio, a service provider to Irvine. In addition to this Privacy Policy, Irvine’s Biometric Privacy Policy, and the Irvine Biometric Terms, Jumio’s Privacy Policy for Online Services may apply to additional types of information collected by Jumio during the identity verification process, such as GPS coordinates or IP address, which may be controlled by Jumio. Access or Update Your Information. If you have registered for an account with us, you may review and update certain personal information in your account profile by logging into the account.

Opt out of marketing communications. You may opt out of marketing-related emails by following the opt-out or unsubscribe instructions at the bottom of the email, or by contacting us at privacy@irvinecompany.com. Please note that such requests may take up to ten (10) business days to become effective. You may continue to receive service-related and other non-marketing emails. If you receive marketing text messages from us, you may be able to opt out of receiving further marketing text messages from us by replying STOP to our marketing message, or by contacting us at privacy@irvinecompany.com.

Cookies & Browser Web Storage. We may allow service providers and other third parties to use cookies and similar technologies to track your browsing activity over time and across the Sites and third party websites. Most browsers let you remove or reject cookies. To do this, follow the instructions in your browser settings. Many browsers accept cookies by default until you change your settings. Please note
that if you set your browser to disable cookies, the Sites may not work properly. Similarly, your browser settings may allow you to clear your browser web storage.

**Blocking images/clear gifs.** Most browsers and devices allow you to configure your device to prevent images from loading. To do this, follow the instructions in your particular browser or device settings.

**Location data settings.** Users of our mobile application also have the choice whether to allow us to access your precise location data, unless otherwise noticed. Your device settings may provide the ability for you to revoke our ability to access location data.

**Targeted online advertising.** Some of the business partners that collect information about users’ activities on or through the Sites may be members of organizations or programs that provide choices to individuals regarding the use of their browsing behavior or mobile application usage for purposes of targeted advertising.

For each particular device, individuals may opt out of receiving targeted advertising on websites through members of the Network Advertising Initiative by clicking here or the Digital Advertising Alliance by clicking here. Users of our mobile applications may opt out of receiving targeted advertising in mobile apps through participating members of the Digital Advertising Alliance by installing the AppChoices mobile app, available here, and selecting the user’s choices. Please note that we also may work with companies that offer their own opt-out mechanisms and may not participate in the opt-out mechanisms that we linked above.

In addition, your mobile device settings may provide functionality to limit our, or our partners’, ability to engage in ad tracking or targeted advertising using the Google Advertising ID or Apple ID for Advertising associated with your mobile device.

If you choose to opt-out of targeted advertisements, you will still see advertisements online but they may not be relevant to you. Even if you do choose to opt out, not all companies that serve online behavioral advertising are included in this list, so you may still receive some cookies and tailored advertisements from companies that are not listed.

**Do Not Track.** Some Internet browsers may be configured to send “Do Not Track” signals to the online services that you visit. We currently do not respond to “Do Not Track” or similar signals. To find out more about “Do Not Track,” please visit [http://www.allaboutdnt.com](http://www.allaboutdnt.com).

third party. In addition, our content may be included on web pages or in mobile applications or online services that are not associated with us. We do not control third party websites, mobile applications or online services, and we are not responsible for their actions. Other websites, mobile applications and services follow different rules regarding the collection, use and sharing of your personal information. We encourage you to read the privacy policies of the other websites, mobile applications and online services you use.

Security practices

However, security risk is inherent in all internet and information technologies and we cannot guarantee the security of your personal information.

International data transfers

We are headquartered in the United States and have service providers in other countries, and your personal information may be transferred to the United States or other locations outside of your state, province, or country where privacy laws may not be as protective as those in your state, province, or country. By using the Irvine websites or applications from outside the United States, you expressly consent to transfer of information outside of your country. Those who choose to access the websites or applications from locations outside of the United States do so on their own initiative, and are responsible for compliance with locals laws if and to the extent local laws are applicable, including, without limitation, all applicable laws, rules and regulations regarding the transmission of data exported to the United States or from the country in which you reside.

As a general rule, children are not allowed to use the Sites, and we do not collect personal information from them. We define “children” as anyone under 13 years old. If we learn that we have collected personal information of a child without the consent of the child’s parent or guardian, we will delete it. We encourage parents with concerns to contact us.

Changes to this Privacy Policy

We reserve the right to modify this Privacy Policy at any time. If we make material changes to this Privacy Policy, we will notify you by updating the date of this Privacy Policy and posting it on the Sites. We may, and if required by law will, also provide notification of changes in another way that we believe is reasonably likely to reach you, such as via e-mail (if you have an account where we have your contact information) or another manner through the Sites.
Any modifications to this Privacy Policy will be effective upon our posting the new terms and/or upon implementation of the new changes on the Sites (or as otherwise indicated at the time of posting). In all cases, your continued use of the Sites after the posting of any modified Privacy Policy indicates your acceptance of the terms of the modified Privacy Policy. If you do not accept this Privacy Policy, you must discontinue use of the Sites and related products and services immediately.

**Governing Law**

The Privacy Policy shall be governed by, and will be construed under, the laws of the State of California, U.S.A., without regard to choice of law principles.

**California privacy rights notice**

This section applies only to California residents. It describes how we collect, use and share Personal Information of California residents in operating our business, and their rights with respect to that Personal Information. For purposes of this section, “Personal Information” has the meaning given in the California Consumer Privacy Act of 2018 (“CCPA”) but does not include information exempted from the scope of the CCPA.

**Your California privacy rights.** As a California resident, you have the rights listed below. However, these rights are not absolute and, in certain cases, we may decline your request as permitted by law.

- **Information.** You can request the following information about how we have collected and used your Personal Information during the past 12 months:
  - The categories of Personal Information that we have collected.
  - The categories of sources from which we collected Personal Information.
  - The business or commercial purpose for collecting and/or selling Personal Information.
  - The categories of third parties with whom we share Personal Information.
  - Whether we have disclosed your Personal Information for a business purpose, and if so, the categories of Personal Information received by each category of third party recipient.
  - Whether we’ve sold or shared your Personal Information, and if so, the categories of Personal Information received by each category of third party recipient.

- **Access.** You can request a copy of the Personal Information that we have collected about you during the past 12 months.

- **Deletion.** You can ask us to delete the Personal Information that we have collected from you.
• **Correction.** You can ask us to correct inaccurate Personal Information that we have collected about you.

• **Opt-out.**
  - Opt-out of certain processing for targeted advertising purposes. You can opt-out of certain processing of personal information for targeted advertising purposes.
  - Opt-out of other sales of personal data. You can opt-out of other sales of your Personal Information. In addition, if you direct us not to sell your Personal Information, we will consider it a request pursuant to California’s “Shine the Light” law to stop sharing your personal information covered by that law with third parties for their direct marketing purposes.

• **Opt-in.** If we know that you are younger than 16 years old, we will ask for your permission (or if you are younger than 13 years old, your parent’s or guardian’s permission) to sell your Personal Information before we do so.

• **Nondiscrimination.** You are entitled to exercise the rights described above free from discrimination. This means that we will not penalize you for exercising your rights by taking actions such as denying you services; increasing the price/rate of services; decreasing service quality; or suggesting that we may penalize you as described above for exercising your rights.

**How to exercise your rights**

You may exercise your California privacy rights described above as follows:

  - you can request access to your information here: Access Request
  - you can request deletion of your information here: Deletion Request

• **Right to opt-out of the “sale” or “sharing” of your Personal Information.** Like many companies, we use services that help deliver interest-based ads to you. California law classifies our use of these services as a “share” or “sale” of your Personal Information to the companies that provide the services. This is because we allow them to collect information from our website users (e.g., online identifiers and browsing activity) so they can help serve ads more likely to interest you. You can request to opt-out of this “sale” of your personal information here: Do Not Sell My Personal Information. You can request to opt-out of the “sharing” of your personal information here: Do Not Share My Personal Information.

**Verification of Identity; Authorized agents.** We will need to confirm your identity and California residency to process your requests to exercise your information, access or deletion rights. We cannot process your request if you do not provide us with sufficient detail to allow us to verify your identity, and understand and respond to the request. A California resident can empower an “authorized agent” to submit requests on his/her behalf. We will require the authorized agent to have a written authorization confirming that authority.
Please note that the CCPA limits these rights by, for example, prohibiting us from providing certain sensitive information in response to an access request and limiting the circumstances in which we must comply with a deletion request. If we deny your request, we will communicate our decision to you.

**Personal information that we collect, use and share (online, mobile application and website interactions)**

The chart below summarizes how we collect, use and share Personal Information in our online, mobile application and website-based interaction by reference to the statutory categories specified in the CCPA, and describes our practices during the 12 months preceding the effective date of this Privacy Policy.
